PRESENTATION:

Seacoast Utility Authority Proposed Rate Increase.

Howard Osterman, Business Management Representative and Consultant for Seacoast Utility since 1988, gave a brief history of Seacoast Utility Authority. Mr. Osterman explained the history of Seacoast Utility rates, stating that in 1994 a revenue neutral rebalance was implemented, which provided the single family residents rates to decrease and the multi-family units to pay the full share owed.

Mr. Osterman explained that the process described was not considered a rate increase. Mr. Osterman stated that Seacoast had not increased rates since 1988. Mr. Osterman explained that the necessity to raise water quality level and complying with regulatory environment standards, as well as the operating expenses is the reason behind the proposed rate increase. Mr. Osterman

stated that 50/50 of the proposed rate increase are split between debt service and inflation. Mr. Osterman stated that the proposed increases are substantial for the average customer by \$12.00 to \$13.00 from the current price charged. Mr. Osterman stated that the smaller customers will not receive a large increase. Waste water customers are also affected.

David Xavier of LBFH Engineering stated that Seacoast Utility requested options regarding evaluation to convert the existing water treatment plant to a different type of treatment process. Seacoast Utility currently has two (2) water treatment plants, one on Hood Road, which is the larger of the two, and one on Richard Road. Mr. Xavier explained that the Hood Road water treatment plant, a 23 million gallon per day plant was built in 1975. The Richard Road water treatment plant, a 7.5 million gallon plant was built in 1958. Both treatment plants are used at 75% of their permitted capacity. Mr. Xavier explained that both plants are lime softening treatment plants. Mr. Xavier explained the process of treating the water to make it safe for consumers. A Seacoast Utility Rate Study is included as "Exhibit A". The project is expected to take five (5) year to complete.

Mr. Osterman explained the \$88 million dollar funding process for the project as \$35 million directly from Seacoast, the balance of \$55-\$60 million will be borrowed. Mr. Osterman answered questions from the Commission regarding the project.

Mayor Castro inquired about the timeframe involved to pay off the debt service. Mr. Osterman stated 30 year. Vice-Mayor Garretson inquired about filtration and odor. Mr. Xavier stated that the project includes degasification of the water, which will treat the odor situation. Mayor Castro expressed concern with the rate increase and the manner in which it will occur. Mr. Osterman explained that the Board felt phasing in the cost would prolong the inevitable. Mr. Osterman stated that the Board will hold a Public Hearing on Wednesday, March 15, 2006 in Palm Beach Gardens City Hall.

Rim Bishop, Executive Director for Seacoast Utility Authority stated that Seacoast will supply service to the new development being built in the north part of the county. The Commission thanked the representatives for speaking to the residents.

DISCUSSION AND POSSIBLE ACTION

Board Appointment(s)

Interim Town Clerk Vivian Mendez informed the Commission that Mr. Ronald Bologna was re-appointed to serve on the Code Compliance Board. Mr. Ernie Small was appointed to serve on the Harbor Marina Advisory Board.

Florida East Coast Railway Quiet Zones.

Town Manager Paul Carlisle explained the issue with the quiet zone. Natalie Schneider, Calvin Giordano & Associates, conducted research and found that there is a clause for quiet zone with respect to the FEC, which mean the Town can not apply for quiet zones along the FEC corridor. To make matters worse the CSX (which the Town does not have) at each intersections would cost about \$300,000.00, and the Town has three (3) intersections. It would cost about \$1.5 million if the injunction is ever lifted. Town Manager Paul Carlisle continued by saying communications with the FEC will continue and ask the FEC not to blow the horns, while switching trains, at 5 mph.

Commissioner Balius mention that each time the train is moved they blow the horn, it could be up to 27 times, and they are doing this from 5-6 a.m. Commissioner Balius asked why is it that the Town can not have this quiet zone. Town Manager Paul Carlisle responded by saying that it is a danger, the courts have gotten involved and agreed with the FEC. Their report says that it is dangerous. CSX did not file for an injunction.

Town Manager Paul Carlisle concluded by saying that the Town can not spend any money on a Quiet Zone until the injunction is removed prohibiting Quiet Zones.

Palm Beach County Sheriff's Office Community Safety Fair.

Town Manager Paul Carlisle stated that last year the Palm Beach County Sheriff's Office held a Safety Fair at Town Hall. This year they would like to make it a larger event and hold it at Kelsey Park. The Commission gave consensus to hold the Community Safety Fair at Kelsey Park.

Community Beautification Fund Application.

Town Manager Paul Carlisle explained the necessity for the repairs and the need for this grant. The funds are from the Code Compliance Fines. Mayor Castro wanted an update on the last grant given because the property is still unsatisfactory. Town Manager Paul Carlisle indicated that he would follow up on the progress of that property. Mayor Castro stated that the checks should be made directly to the contractor and not the home owner.

Town Manager Paul Carlisle explained that this event will take place on Thursday, March 16, 2006 at the Marina. The alcohol will be free to members of the American Public Work Association and the Town Commission. Alcohol will not be sold at this event.

The Commission gave consensus to serve alcohol at the Marina for the American Public Works Association event.

Reschedule the March 15, 2006 Regular Commission Meeting.

Mayor Castro explained that the Commission needs to meet before the March 15, 2006 Regular Commission Meeting because of an Interlocal Agreement which deals with Scripps that needs to be heard. Town Manager Paul Carlisle stated that they were trying to reschedule the March 15, 2006 Regular Commission Meeting, but after some discussion the March 15 meeting will still need to take place to swear in the newly elected Commission and to have a Resolution for a Run-off Election, should it be necessary. Town Manager Paul Carlisle stated that he will not be available at the March 15, 2006 Commission meeting because he will be attending the Seacoast Utility Public Hearing in Palm Beach Gardens.

Mayor Castor requested a motion to conduct a Monday, March 6, 2006 Special Call meeting.

COMMENTS BY COMMISSION, TOWN MANAGER, TOWN ATTORNEY

Mayor Castro

Mayor Castro thanked Captain Reece for the proactive activity the Palm Beach County Sheriff's Office conducted on Friday, February 24, 2006. Captain Reece explained that on Friday, February 24, 2006 there were 30 officers working at different area of Town. They focused on narcotics, prostitution, car thefts and burglaries. There were a total of 9 arrest, 6 for prostitution, 1 for narcotics, 1 for traffic, and 1 for fire arms. Overall it was a success. In the future they hope to do more operations such as this one.

Commissioner Balius

Commissioner Balius reminded residents to vote on Tuesday, March 14, 2006.

Commissioner Daly

Commissioner Daly wanted clarification on the Planning & Zoning Board issues that have been occurring lately. One meeting an Attorney did not arrive, then the following meeting they were told that they would no longer be receiving the minutes as they had in the past. The issue was that certain things that were spoken were going to be deleted from the minutes. Commissioner Daly expressed his concern with who makes such decisions and why they are made, when things are discussed at a meeting, they should be added to the minutes. Mayor Castro stated that the minutes should not be verbatim, but they should include the information needed to explain the action taken, so that when someone reads the minutes they can understand what took place at the meeting. Mayor Castro stated that Board members should never be told what will and what will not be inserted into the minutes. Town Manager Paul Carlisle explained to the Commission that it was taking staff many hours to complete minutes because they were being done verbatim. Town Attorney Thomas Baird stated that he directed staff to remove a discussion from the draft minutes that had nothing to do with the action being taken. When the Board member requested that certain discussion be added back to the final minutes, it was done.

Commissioner Daly asked for an update on Park Avenue BBQ citations. Town Manager Paul Carlisle explained that each time they are cited, they clean or fix the situation and then it reoccurs. Town Manager Paul Carlisle explained that the other project on Park Avenue (One Park Place) switched owners. Town Manager Paul Carlisle stated that he would follow up with the new owner Mr. Don Franklin in the morning.
